

About Us

Rani Durgavati University, Jabalpur, accredited with an “A” Grade by the NAAC, is one of the premier institutions of higher education in Central India, committed to academic excellence, research innovation, and holistic development. Named in honour of the valiant Gond Queen Rani Durgawati, the University reflects her legacy of courage, leadership, and dedication to society. Established in 1956, the University has continuously contributed to the advancement of education and research across diverse disciplines, fostering a vibrant academic environment for students, scholars, and researchers.

About the Conference

The International Conference on “Science for a Sustainable Future: Innovation at the Interface of Pure and Applied Research (SSF–IIPAR 2026)” aims to provide a dynamic platform for interaction among scholars, students, researchers, and experts from diverse scientific disciplines. The conference focuses on promoting academic exchange, interdisciplinary collaboration, and the sharing of recent research developments in both pure and applied sciences.

The conference will include invited talks, interactive sessions, and discussions where eminent speakers and resource persons will share their knowledge, experience, and research insights with participants. It seeks to encourage young researchers and students to engage with contemporary scientific challenges and explore innovative solutions for a sustainable future.
